Qualtra

Qualtra Pharmaceuticals

Committed to Medical Excellence .....

engagée à l'excellence médicale

CORPORATE

The pharmaceutical business world has been flattened by globalization, changing demographics, ubiquity of technology, and regulatory compliance. Conducting business in this level playing field requires a change in mindset, strategies and operations. To harness the opportunities of the World, pharmaceutical companies must address to the following shifts:

1. Think and innovate faster
2. Think money from exclusivity & Information
3. Cost Optimization
4. Think winning
5. Marketing Optimization

Qualtra Pharmaceuticals came into being after we perceived a dynamic change in international pharmaceutical regulated and semi regulated markets. We at Qualtra aim at providing affordable pharmaceutical products to the humankind. Our answers have been always yes to all the futuristic possibilities.Qualtra looks forward to an outstanding growth in the coming years.

MISSION VISION & VALUES

We bring to the world pharmaceutical and health care products that improve lives and deliver outstanding value to our customers

Our vision is to lead the way to a healthier world. By carrying out this vision at every level of our organization, we will be recognized by our employees, customers and investors as the best pharmaceutical company, resulting in value for all. We at Qualtra are working to make Qualtra pharmaceuticals the most admired Pharmaceuticals Company, a totally Integrated Pharmaceutical Company.

We will achieve this by being accountable for:

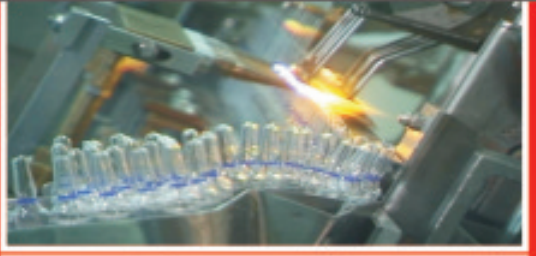
Leading the world in innovation through pharmaceutical, biotech and vaccine technologies

Making trust, quality, integrity and excellence hallmarks of the way we do business

Attracting, developing and motivating our people

Continually growing and improving our business

Demonstrating efficiency in how we use resources and make decisions



QUALTRA INC CANADA

Qualtra Canada Inc Brookville, Ontario, Canada is an innovative company incorporated under Canada business corporations act. The company has a good presence in Canada as a marketing company dealing with extensive product lines.

The company is poised to achieve greater heights in a very small time frame.

The company is planning on marketing tieups with biopharmaceutical companies dealing with complex innovative molecules like biologics.

PATIENT CARE & SOCIAL MARKETING

Qualtra Pharmaceuticals believes it is very important for patients to understand their illnesses as well as their treatment options. We strongly believe a clinician is the best person to tell the patient about the disease and the drugs he has put him on.

We keep ongoing efforts to help people around the world lead longer, healthier lives. In order to give back to our society Qualtra has devised some tie ups with some major NGOs ,where we contribute some profits from the sales of our OTC products with these NGOs , as our moral responsibility to give back to the society

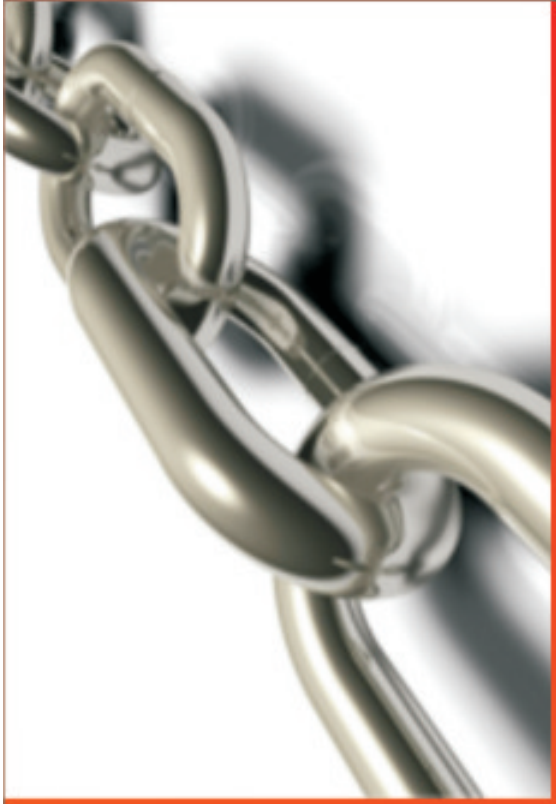
AGE CARE SERVICES:

Modern science has increased longevity and that has resulted in seniors are living longer and staying active. Qualtra Pharmaceuticals encourages their goal of living well and staying well through programs that help support senior health so seniors can continue to celebrate each moment that floats their way.

Qualtra strives to help indian senior citizens to:

- Take a proactive approach to managing their health
- Find valuable information on the issues that matter most to them
- Achieve the best medical outcomes at the best cost .This needs an endorsement by the clinician and a proof of identification.

These efforts show Qualtra's commitment to bringing the new age of senior health to life.



QUALTRA Means QUALITY

Qualtra is a French word that denotes "quality". At Qualtra Pharmaceuticals. we are committed to provide quality pharmaceutical speciality and super speciality products. We have been able to carve a niche for ourselves in semi regulated markets. Apart from exports of quality products, we also offer international clients auditable facilities who are keen to have auditable contract manufacturing tie ups in the field of Oncology generics. HEALTH FOR ALL is the vision and commitment of our company to the world in the year 2009-2012.

Taking into consideration the international standards, Qualtra Pharmaceuticals allows all the products to pass through stringent quality checking procedures. For maintaining quality of our gamut of products, our manufacturing partners have been rewarded with WHO GMP and ISO 9001 certifications and are auditable facilities.

Furthermore, the various APIs, and other allied products are procured by reliable companies of the industry. Before leaving the factory premises every product is allowed to test in the technologically advance laboratories.

Qualtra Pharmaceuticals is a professionally managed company that has been engaged in the manufacturing, supplying and exporting of pharmaceutical products like: pharmaceutical generics with special impetus on oncology generics, dermatology, ocular products, dental, dermatology & critical care.

With our quality pharmaceutical products, we cater to various fields like oncology generics, Nutriionals , ocular lens solutions and antibiotics that are high ended products like imipenum/Cilastatin, meropenem, piperacillin/tazobactum, aztronam. The comprehensive range of our products caters to the diversified requirements of international markets. Offering the quality products within the stipulated time frame has always been our prime business objective.

QUALITY GUARANTEED
